SAMPLE BUCKET

WHITE BUCKETS

White porcelain enameled, 2¼ gallon capacity. Unequaled for collecting sump drainings for inspection, these buckets have become very hard to find.

Model GTP-1746B

Model GTP-1746C This bucket is the same except it has a grounding cable and clip.

PLASTIC BUCKETS

Our plastic containers are made with a conductive (aluminum) electrostatic bonding device to collect static charges so they can be safely carried away, using the bonding cable (included). Note the bonding lug at the top for use in membrane tests. This device also serves as a level indicator. The operator can clearly see the fuel level as it reaches the notches which are at accurately calibrated levels.

MODEL NO.

GRADUATION

GTP-2518-2	.5, 1.5 AND 2 GALLONS
GTP-2518-3	1, 2 AND 3.5 GALLONS
GTP-2518-5	1, 2, 3, 4 AND 5 GALLONS
GTP-2518-10L	3, 5 AND 10 LITERS
GTP-2518-14L	4, 9 AND 14 LITERS

STAINLESS STEEL BUCKETS

We offer stainless steel in 2 models.

Model GTP-3905-1 is graduated 1 to 5 liters.

Model GTP-3905-2 has 2¼ gal. capacity - no graduations.
